9001 Phase-In Period From 10 June2005 to 2 November 2006

To:

9001 Phase-In Period From 10 June2005 to 2 November 2005

Section C

Performance Work Statement (PWS) Facilities Operations and Maintenance.

Performance Work Statement Paragraph 3.1

► Page C - 12 – Paragraph 3.1.6

From:

3.1.6 Snow Removal and Ice Abatement

- A. For each applicable site, the Service Provider shall submit a detailed snow removal plan during the 60 day phase-in period. The Service Provider shall remove snow from the parking spaces/areas and sidewalks following all snow falls of one inch or more or when unsafe conditions exists for IRS employees. All accumulations of ice shall be abated immediately by applications of chemicals and other means to provide secure footing and safe driving conditions. Sidewalks and other walking paths shall be clear of snow and ice throughout normal business hours and during periods at change of shifts even if snow or ice is continuing to fall during that time period. Parking areas shall be cleared before normal business hours and/or shift change so parking is available to IRS staff throughout normal business hours. If snow accumulation exceeds the capability to pile the snow on the IRS premises as determined by the COTR, hauling of snow to an offsite location may be deemed necessary. If this happens, the COTR will verbally direct the Service Provider to perform the required services and follow it up in writing by an issuance of an IDIQ task order.
- B. All chemicals proposed to be used in snow and ice removal shall not damage any IRS facility surface and shall be approved by the COTR prior to use.
- C. The Service Provider shall submit a detailed snow removal plan, including the description of the chemicals to be used, available equipment on and off site, personnel that will be involved, and a drawing of the site depicting the sequence of how snow and ice will be removed from each site. This shall be updated and provided to the COTR for review and approval annually 60 days before the winter season begins. The snow removal plan shall be approved prior to implementation or use and no unapproved chemicals shall be used. Snow removal/ice abatement shall be performed as shown below.
